I draw it, I print it. You cast it.

Two services: 3D design from a sketch, delivered as a printed castable pattern — or printing from your own file. Prong seats, stone seats, wall thickness and sprue placement are settled on the screen.

本人誠意提供兩項服務：由草圖做 3D 設計並打印可鑄樣板，或者來圖代印。爪位、石座、壁厚同澆口喺電腦上面已經諗妥。可用廣東話、英語、普通話溝通。
